

Weekend Camping Passes

Greetings VibeTribe!

Welcome to Gathering of the Vibes 2014! Whether this is your first Vibes or your 19th, we are glad that you'll be joining us. Please take a look at the information below. It is designed to help you have a safe and style Vibes experience, and to assist with any questions you may have.

If there's anything that we haven't covered, or you require further clarification, please call our office, Monday through Friday from 10:00 AM – 6:00 PM EST.

Your Weekend Camping Pass includes:

4 days of music and 3 nights of camping. Gates open at 8:00 AM on Thursday, July 31st. Weekend Camping Pass Holders arriving on Thursday 7/31 between 8:00 AM and Midnight will be charged a \$20 Early Entrance Parking Fee per VEHICLE (not per person.) This fee will be collected at the gate. Those who purchase a VIP Weekend Camping Pass do not pay the Early Entrance Fee. If you enter on foot, you do NOT need to pay the Early Entrance Fee.

Directions will be e-mailed and available at www.govibes.com closer to the event.

For those not camping on-site, shuttle buses regularly loop the Vibes designated parking lots, Bridgeport Train & Bus stations, the Port Jefferson Ferry terminal, Vibes affiliated hotels and the North Grove Box Office, near the Arches at Seaside Park.

If you have your friends' tickets, make sure that they have them long before arriving at Seaside Park, as there is nowhere to hook up at the venue.

RV's and vehicles pulling a trailer or pop-up with a total combined length 25 feet and over (vehicles too large to fit in a regular parking spot at the mall or supermarket) will require an additional RV parking pass. Remember, with an RV Pass, everyone in your vehicle must have a Weekend Camping Pass in order to get into the festival, including the driver.

Kids 12 and under are free when accompanied by their parents. If your kids are close to age 12, please bring proof of age (ex: birth certificate.) All kids under 16 must be accompanied by a parent or legal guardian.

All persons, vehicles and possessions will be searched upon entry. *Any items confiscated at search will not be returned.* You are welcome to leave site as you wish to get more supplies. We recommend traveling on foot, or using local taxi-cabs, as *Vehicle re-entry will not be permitted.*

When at the festival, do not remove your wristband for any reason - whether you are in the venue or out and planning on re-entering. It will not be replaced.
